

JONATHAN OVIEDO CHALACAN

Cali, Colombia | (+57) 301 664 3479 | oviedojonathan2001@gmail.com | [linkedin.com/in/andresOviedo](https://www.linkedin.com/in/andresOviedo)

Full Stack Developer with hands-on experience in building responsive web and mobile interfaces using **React**, **JavaScript**, **CSS3**, and **Flutter**. Proficient in backend development with **Node.js**, **NestJS**, and **Firebase**, as well as in managing relational databases like **PostgreSQL** and **MySQL**. Skilled in API integration and third-party service implementation. Known for being proactive, adaptable, and results-driven, with a strong focus on clean code practices, agile methodologies (**Scrum**), and delivering scalable, production-ready solutions.

FULL STACK DEVELOPER

Minymol SAS · Cali, Colombia · September 2024 – Present

Full stack development of a custom e-commerce marketplace platform. Backend built with NestJS and PostgreSQL, featuring Firebase Authentication and media handling through AWS S3 and CloudFront. Frontend implemented in React with custom CSS, fully optimized for Safari on iOS. Developed automated flows for orders, cart, supplier management, and product catalogs.

WEB DEVELOPMENT INTERN

Escuela Superior Politécnica de Chimborazo · Riobamba, Ecuador · October 2024 – March 2025

Responsible for updating and maintaining the institutional website on WordPress. Improved navigation structure, added new content sections, and fixed UI/UX bugs to ensure multi-device compatibility. Contributed to proposals aimed at strengthening the university's digital presence.

IT SUPPORT INTERN

Ministry of Economic and Social Inclusion · Riobamba, Ecuador · April – July 2024

Provided technical support through preventive and corrective maintenance of IT equipment. Managed both physical and digital documentation, organized data using Excel, and trained staff in tech tools. Helped improve administrative efficiency across departments.

EDUCATION
